

Unit Plan Summary

Unit: Summary for Applied Technology, Business, and Instructional Technology Support

Author of this Summary: Tom Clark

Date: 5/20/08

Please note that the areas under my supervision have great diversity and discipline driven specialties that make "summarizing" difficult. The beauty and meaning is in the details and I encourage planners and decision makers to review the details as presented in each areas unit plan.

Applied Technology (Automotive, Electronics, Fire, Machine, Welding, Work Experience, Apprenticeship)

Business (Business, Computer Applications, Real Estate)

Instructional Technology (Online/DE, WEB)

Note: Summary has Four (3) Sections:

Part I	Cover Sheet (one page)
Part II	Accomplishments & Goals (two pages)
Part III	Staffing Requests (one page)
