***Instructions:** Write about one paragraph which should include the unit's mission statement. You may include an image or picture, if you wish. You may use last year's description with updates or revisions as needed.*

The Chabot Automotive program provides training for anyone interested in pursuing a career in the automotive service industry. We are a NATEF certified program as are many of the high cost automotive programs. Our program provides the knowledge and skills needed to become a highly sought after entry level technician. You will learn how to diagnose, service and repair an automobile with pride and confidence in our state of the art facility. You will be training side by side with apprentices from local dealerships that use Chabot exclusively to train their apprentices.
