Due to the extensive changes and the limited time for development mandated by the revitalization plan, 0.3 FTEF reassigned time for one full-time faculty is needed for curriculum development and to supervise contracted services for additional curriculum in Fall ’08 and Spring ’09.

For delivery of new courses starting Fall ’09, the exact FTEF will be determined by Fall ’08 when course outlines are submitted for curriculum approval. In any case, the FTEF will not exceed 1.0.

0.15 reassigned time for one full-time faculty is needed to coordinate the introduction of courses in Fall ’09 and Spring ’10, and finish the development of “2nd-year” courses for the 2010-2011 academic year.

No full-time classified support is planned for continuing operations of the Electronic Systems Technology program. Some part-time support to facilitate setting up the lab area will ensure a safe, efficient, and inviting work environment for the students. This support can be from the applied technology tech and lab support staff on an as-needed basis, mostly during Summer ’09, with minimal impact on the other technology programs.

Criteria For Classified Staffing Priorities (not necessarily in Priority Order as developed by the Admin Staff)

1) Impact on enrollment and revenue;
2) Safety;
3) Mandates;
4) Workload distribution (impact on other’s work);
5) Relationship to institutional priorities.
