

Chabot College

Certificates Awarded 1999-2000 to 2016-17

Certificates Rise to Highest in 18 years

In 2016-17, the total number of Chabot certificates awarded reached over 500, the highest in 18 years. The number of certificates has always fluctuated widely from year to year, but the trend in the last 10 years has been definitely upward.

Certificates of Achievement accounted for most of the rise; transfer General Education certificates made up over half of that increase. Certificate of Achievement programs consist of 18 or more units and are approved by our district and the state.

Certificate of Proficiency programs require less than 18 units and are approved by our college and district only. ECD Associate Teachers earned the most Certificates of Proficiency in 2016-17. To see all certificates by major for the last 18 years, see the Degrees & Certificates section of the Success and Outcomes page on IR website (www.chabotcollege.edu/IR/).

NOTE: Certificates are listed in the year awarded, regardless of the year earned. About 70% were earned in the same year as awarded, 20% were earned in the previous year, and almost all the rest were earned within the 3 years before that.
