

# Chabot College

## Transfer trends to CSU and UC Compared to Statewide Trends: 2001-2014

Although Chabot students transfer to many four-year colleges, the majority transfer to CSU and UC. Below are the numbers of students who have transferred annually to UC and CSU from Chabot College and from all California Community Colleges (CCC's) since 2001.

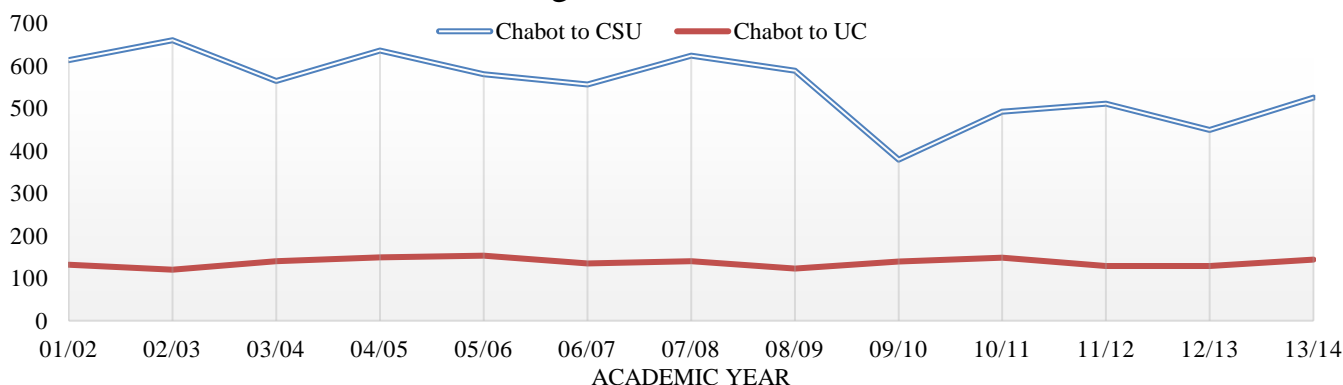

Chabot has experienced some increases in transfers to CSU after cuts in transfer acceptances in 2009-10 led to a decrease in transfers from all California Community Colleges (CCC's). Chabot has averaged 491 transfers in the last four years, more than 100 transfers above the 2009-10 low of 379. Since 2001, the number of Chabot transfers to UC has stayed relatively constant with slight fluctuations ranging from 120 to 153. Transfers from all CCC's to UC continue to rise.

Chabot and Las Positas College transfers were reported together until 1994-95, and averaged 900 annual transfers to CSU and 133 transfers to UC during the late 1980's and early 1990s. In the first year of separate Chabot transfers, a high of 1,058 students transferred to CSU and a high of 161 students transferred to UC, rushing to transfer before the District changed from a quarter system to a semester system in Fall 1994 (not shown). Since 2001, Chabot transfers have averaged about 552 annually to CSU and 137 annually to UC. The highest recent number of transfers to UC was 153 in 2005-06.
