Subject Headings

IMMIGRATION Use [EMIGRATION & immigration](#)

Sometimes instead of searching by keywords, you may have better luck finding materials by consulting the Library of Congress Subject Headings (LCSH). This is important because you can sometimes get better search results. For example, articles, books, and web sites on "Immigration" will usually be indexed under "Emigration & immigration." To browse such headings, they are in the four thick red volumes on the left side of the reference desk. [For Spring 2009 Suggested Subject Headings](#)
