Please Read Priority Registration Changes Effective Summer/Fall 2014

The California Community College Board of Governors approved a policy change to establish system-wide registration priorities in an effort to improve student success. The new regulations are designed to ensure that classes are available for students seeking job training, an associate degree or transfer, and to reward students who are making academic progress towards their academic goals. Consequently, enrollment priorities have been redefined and changes will go into effect for Summer/Fall 2014 registration.

Under the new regulations, new students who have completed college assessment, orientation and developed education plans, as well as continuing students in good academic standing who have not exceeded 100 units (not including units in basic English, math or English as a Second Language), will now have enrollment priority over students who do not meet these criteria. Students will now register for courses according to an enrollment priority system as defined by Title 5 regulations and the Chabot-Las Positas Community College District (CLPCCD).

For more information, please click on the Priority Registration Alert link.
