- » Latest Measure B Update (4/14)
- » User Groups

- includes filter changes and maintenance
- 24 to 48 hours for maintenance/service
- Set-up needs to connect within 200' of water line
- Filters - couple hundred thousand gallons before replacement
- Leak Detection on Brita Stations
- Spigots could leak over time

### Construction Update

- Hesperian - formed footings for first 2 sections of the wall
- PO's for Granite wall - to be done around April - lettering a month or so later
- Bldg 100 - finished top floor
- 100 - working on bottom floor, contract over July 6 - ready for occupancy by Fall 2015
- new footings and shear walling installed in lower floor of 100
- 1700 Landscape grass done, but plant signs are not up
- Signage person here to install PE signs
- Shop drawing text review needed by subcommittee(21 day turnaround)
- Per President Sperling, add "Chabot College" with logo

### Bldg 2100

- Planning - identified pool of architects who have designed Biology Bldgs - have a list of 4 architects remaining - interviewing February for RFP - hope to go to Board - one architect firm for 2100, 1600 and 2900

### Steinberg Construction Contract

- Seismic strengthening or solution of collonaid and elevator for Bldg 100 added to their contract

### District Facility Meeting moved to last Friday of month

Fire Tech requested okay to work w/AJ to prepare rough plan for Trustee Dvorsky (per her request) regarding open land by Fire Tower as time is running out for a plan to acquire as Public Safety Training Center

*If you have any agenda items to suggest, or issues to discuss, please email Mark Stephens ([mstephens@chabotcollege.edu](mailto:mstephens@chabotcollege.edu)) or Scott Hildreth: [shildreth@chabotcollege.edu](mailto:shildreth@chabotcollege.edu)*

---
