

NBS Quick Tips

You can't
stop the train

if it's already
left the station!

- Once the payer clicks on the submit button at the end of the e-Cashier enrollment process, NBS automatically generates the payment request to their bank or credit card company.
- The down payment attempt cannot be stopped!
- The agreement is processed and NBS will attempt the down payment immediately.
- The down payment funds are issued to your school on your scheduled remittance dates.
- The payer will need to work with your institution if they wish to terminate their agreement and to retrieve their down payment.
- No enrollment fee is charged if the down payment returns, nor is there a fee for the return payment.
