What You Need In Order to Complete the Application:

- Unofficial transcripts from all colleges attended or be able to view your grades from all colleges attended. Do not work from memory. You are transcribing your academic records into the application, not making judgments or interpretations about what to enter and what to leave out. Note: CalState Apply may not have the ability to let you enter non-U.S. college coursework if your institution is not U.S. regionally accredited so be prepared to have official transcripts sent to each CSU campus to where you are applying if and when requested.
- Method of Payment (credit card or PayPal) required in order to submit your application.
- Annual Income and/or annual parents' income if you are a dependent (under 24 by the time you start the CSU).
- Social Security Number, if applicable.
- Test Scores (AP if you scored 3 or higher; no SAT or ACT required if transferring as a junior)
- There will be a PROGRAM MATERIALS section where students complete supplemental application related items as requested by specific CSU campuses or program (e.g. enter impacted major prerequisites and grades earned in them; upload unofficial transcripts if requested). Veteran students can upload their DD-214.
- If interested in EOP, you will need your parents' employment background and recommender’s email address.
