Office: 2051

The best way to reach me outside of class is by e-mail. You will usually get an answer to your question within 12 hours.

Required Materials:

General, Organic and Biological Chemistry: Structures of Life, Karen Timberlake
(Third Edition, but any edition will work)

Laboratory Manual for Chem 30B, Chabot College Staff

safety goggles (NOT glasses)

Recommended: Disposable plastic gloves

A Mastering Chemistry account is **required** for this class. Mastering Chemistry will be used to grade homework. If you do not have Mastering Chemistry bundled with your text, go to <http://masteringchemistry.com/>.

Grading:

Homework, Writing Assignments, Worksheets	20%
Quizzes	10%
Lab	20%
Exams	50%

These divisions are approximate. There is no weighting of points in this class. To find your current points, just add all your points together.

Exams: There will be two midterms and one comprehensive final.

Lab: Laboratory reports are due at the beginning of class one week after we finish the lab. Late reports will be docked 2 points for the first class meeting they are late, one point for each subsequent class meeting. Original data must ALWAYS be in ink. The remainder of the lab report should be neat and need not be in ink.

Grades:

90-100%	A	80-89%	B	70-79%	C	60-69%	D
---------	---	--------	---	--------	---	--------	---

Borderline grades at discretion of instructor.

Quizzes, exams, and laboratories must be done by each student individually, unless instructed otherwise by the professor. Laboratory reports must be based on YOUR data. After you have done your laboratory report calculations, it is fine to discuss them with your lab partner or others in the class. It is NOT OK to copy from someone else's lab report, or to allow someone to copy from your lab report.

Cheating offenses (as described in the previous paragraph) will result in a zero on the first such incident and dismissal from the class with a failing grade on the second offense.
