CONVOCATION 2009

This year's **Convocation Day** will be held at Chabot College on Thursday, August 13th. We will gather in the morning in front of the Performing Arts Center to share a breakfast hosted by the Chabot-Las Positas Community College District. After visiting with our brothers and sisters from the District and Las Positas College, we will go into the PAC for a program developed by District staff, which will include greetings from Chancellor Kinnamon, welcoming remarks by Presidents Barberena and Pollard and other presentations by District staff. Lunch, also hosted by the District will be served in the Cafeteria. In the afternoon Chabot College personnel will participate in

division and unit visioning starting with summaries of unit plans and where we go from here.

The program for the second day is still in development. We will convene again at the Performing Arts Center on Friday morning for about an hour to introduce new

personnel, receive various presentations by faculty, and later will resume discussions at the division/unit levels. The second afternoon will be filled with various instruction and services. We will have a closing ice cream social hosted by the President's Office in the Cafeteria.

NEW A.A. DEGREE PROGRAM IN THEATER

It took a while to achieve, but after three years of conceptualizing and jumping through hoops, Chabot College has just been approved by the State to offer an A.A. Degree in Theater Arts.

The core courses of the major will give students exposure to several of the aspects of

creating theater; acting, design, and building, with the further opportunity to select courses of their choosing which will give them further awareness in areas of their interest.

Students can select from courses in Play writing, Voice for the Actor, Improvisation,

performing in shows and technical theater to fill out their overall course load.

For the major, students will need to complete a minimum of 22 units of Theater Arts courses. For more information, please call #723-7473.

CONSTRUCTION UPDATE

Bleachers Replaced— The bleachers in the Gymnasium have been removed and will be replaced in August. In the meantime the wood floor will be sanded, lined, and refinished. Special care was taken to document the historic Gladiator logo at center court which will be replicated. Furthering our commitment to sustainability, the old bleacher wood will be sold to a Northern California mill to be turned into flooring, and the steel understructure will be recycled.

crews continue to work on connecting our two largest parking lots with an interior road. This will allow students to drive from one lot to the other without using Hesperian Boulevard. The new Campus Drive will also provide a new bus stop for the drop off and pick up of students and staff.

Central Utility Plant Hook-Ups— Chabot continues with the connection of three more buildings to our Central Utility Plant and we are in the process of buttoning up the work.

CHABOT TRIVIA-
Did you know Chabot College opened its doors for registration on September 11th, 1961?

CHABOT TURNS 50 IN 2011

It is hard to imagine Chabot College will celebrate its 50th birthday on September 11th, 2011. With a facelift currently underway, a nearly 50 Chabot has never looked so good!

What seemed like just yesterday, Chabot had opened its door for registration on Monday, September 11th, 1961. On hand to greet the students were the small administrative staff, 26 faculty, three counselors, and one librarian. Expecting only 300 to 500 students to

show and enroll, 1,163 students came and signed up for Fall classes. In preparation for opening day, founding Superintendent-President, Dr. Reed Buffington and his staff worked 16-hour days, seven days a week to prepare the campus for its opening day.

In 1981, Chabot celebrated its 20th birthday with a week-long of campus events, a community open house, and a performance by Diahann Carroll in the Performing Arts Center. In 2001, Chabot

recognized its 40th birthday with a community celebration following Commencement. Read future HOTSHEET issues for possible plans for a 2011 celebratory event.

GLADIATOR WELCOME DAY

Chabot College's big Welcome Back Day for students, known on campus as **Gladiator Welcome Day**, will be held this year on Tuesday, August 11th. Spearheaded about three years ago out of Student Services, this fun day provides an opportunity for all areas campus wide, including faculty and staff, to participate in a large open house for new students.

The main purpose of the event is to ensure adequate pre-enrollment advisement for new, incoming students.

Welcome Day kicked off in 2006, and since then, it has been traditionally held the week before the start of Fall Semester and right before Convocation Day.

This year's plans include having student clubs set-up tables with their club

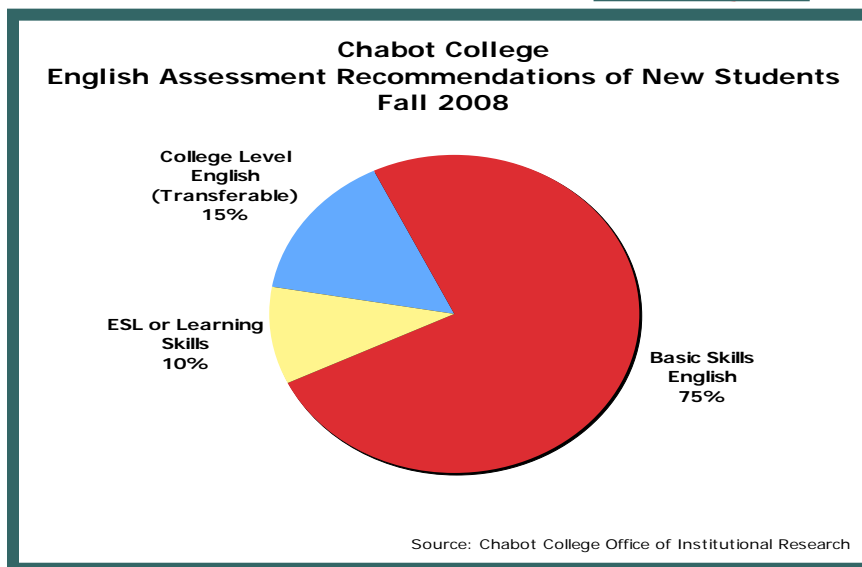

information, entertainment, food, free drawings, and live music by KCRH. Faculty will be invited to set-up informational tables to talk about their certificate and degree programs.

CHABOT COLLEGE FOUNDATION

JULY 2009 REPORT

Summertime is Busy-Time!

With early summer vacations behind us, the Foundation Board and staff are gearing up for a busy summer of outreach and grant writing.

At the top of the list is fundraising for the Textbook Rental Program, a collaboration with the Chabot Bookstore and the Associated Students of Chabot College. We have met with the new student leaders and will be deciding which textbooks to offer for the Fall Semester. We are also hard at work on a two-year, \$250,000 special focus grant offered by the Fund for the Improvement of Postsecondary Education (FIPSE). We were recently notified of the awarding of a Kaiser Permanente grant to partner with Soulciety and our Associated Students for a tobacco-awareness campaign.

Other fundraising efforts on the horizon include a Casino Night on Saturday, August 29th at the Hayward Moose Lodge and an employee-giving campaign that will roll out prior to Convocation as our faculty and staff return to campus for the Fall

Semester. Early plans for the Fall "Starlight Club" Fundraiser are in the making and include a Masquerade Ball theme set for late October or early November.

The "Pathway to the Future" brick area has been moved from the flagpole grounds outside of Building 200 to a specially created walkway between the new Student Services Center and the new Instructional Office Building. Marketing of the bricks will continue through the fall and the unveiling of the "Pathway" will be held at a ceremony following the new buildings' ribbon cutting and open house.

Campus fundraising partnerships will also continue with the Associated Students, Puente Program, the Striving Black Brothers Coalition, Athletics Department, DECA Club, Auto Technology, and other programs.
