

2019-20 Deans Summary Questions

1. Please review the following division-wide data: enrollment, ethnicity, gender, part-time vs. full-time, degree and certificate completion, majors. Comment on any changes in areas where you made an impact in 17-18 vs. prior years that are significant. If you've seen significant changes—either positive or negative, to what do you attribute them?
2. Please review the white papers prepared by our President and Vice Presidents. At a state level, many changes to our funding model have been either enacted or are under discussion. Please comment on how these changes might impact your priorities over the next few years. What are the most creative or impactful ideas coming from your division to respond to these changes?
3. In last year's Dean's Summary, you established goals for the next three years. Summarize the progress have you made toward achieving those goals. What are the most promising initiatives underway in your division to enable more students to complete their educational goals in a more timely manner. What challenges have you faced? Identify any new goals you have established, or any goals you propose to eliminate, and explain.
