HOTSHEET

CHABOT IN THE NEWS

LAW & DEMOCRACY DAY—Tirien Steinbach, Executive Director of the East Bay Community Law Center (EBCLC), will be the keynote speaker for this year's Law & Democracy Day. The event is set for Thursday, September 19th at 1 p.m. at the Reed L. Buffington Visual & Performing Arts Center. The EBCLC is a community-based clinic for Berkeley Law school (Boalt Hall). Tirien is a lecturer-in-residence and teaches the companion course on applied legal ethics.

SCHOOL OF THE ARTS—Professor Glenn Richman, School of the Arts, will be appearing at the Monterey Jazz Field on September 21st and 22nd with The Bobby Hutcherson Quartet. A versatile and seasoned bassist, Glenn has played with many name players like Jon Hendricks, Jimmy Heath, Cedar Walton, Slide Hampton, Lewis Nash, and an array of other performers. Glenn is currently teaching bass, jazz theory and harmony, and jazz ensembles at UC Berkeley, Chabot, and The Brubeck Institute.

CHABOT HISTORY—South Pacific College, Twin Cities Junior College, San Leandro Junior College, Bay Vista College, Aladdin College, Kroeber College, Hugh Price College, and Nimitz College—these are just some of the many proposed names that were submitted in 1961 when Chabot was being formed.

On Tuesday, October 10th, 1961, a petition signed by hundreds of local community members was submitted with the suggested name of “Chabot Junior College”. The location they petitioned to have this new college built was the Lake Chabot area. Imagine 52 years later and answering your office phone with “Freedom 7 Junior College” and your office physically located at a setting that overlooks Lake Chabot. The photo above includes Dr. Buffington, architects, and trustees at the ground-breaking ceremony for our current location.

DENTAL HYGIENE—The Chabot College Dental Hygiene Program is proud to welcome Nicolette (Nikki) Moultrie, RDHMS, Dental Hygiene Class of 2000, as an adjunct faculty member. After completing the dental hygiene program in 2000, Nikki went on to complete her bachelor's degree at Northern Arizona University and her master's degree at the University of California San Francisco School of Dentistry. Prior to taking this position at Chabot, she worked for six years in the Children's Oral Health programs for Contra Costa County. The dental hygiene faculty is excited to have one of our own graduates teaching in the program!
Building 1700 – Construction Underway- Building 1700, Math and Science renovation, is proceeding quickly. Demolition and the removal of hazardous materials is complete. The roof has been removed and the voluntary seismic retrofit is nearly complete. Building 1700 will house Math and Science lecture and lab classes. Also included in this project is the landscaping between Buildings 1700 and 1800. This space will contain plant species not located elsewhere on campus and serve as an outdoor classroom.

P.E. Complex Renovation – Final Phase- The renovation to the existing P.E. Complex has entered the last of six phases. Fire Technology and the new Aerobics room have been completed and are occupied. The exterior paving that creates the new Athletic Promenade is underway. Construction is scheduled to finish during fall semester 2013.

Building 2100 Cadaver Room Renovation- The renovation to the cadaver room area in Building 2100 Biology is underway. The demolition is complete as well as the Hazmat mitigation. New vented cadaver tables have been ordered. The new space will be larger allowing cadaver table access from two sides. Rooftop units for the cooling and ventilation of the room have been ordered. A door to the corridor has been created to allow construction worker access during school hours without disturbing the adjacent classrooms. The remodeling is expected to be complete in November.

PARKING LOT SECURITY AND NEW READER BOARD- The Notice to Proceed will be issued to the contractor in mid-September. The project includes security cameras, emergency telephone, and a public address system for parking lots G, H, F and J. Also included is a new double-sided Electronic Message Sign for the corner of Hesperian Boulevard and Depot Road. The board will be 46 inches high by 12 feet long and be capable of displaying text, graphics, and basic animation.

PROJECTS IN DESIGN- Chabot College is currently working on three projects in design: Enhanced Landscaping for the Hesperian Boulevard frontage, Campus Signage, and the Building 100 building remodel.

COMMUNITY EVENTS

Alzheimer's Association Walk to End Alzheimer's

Join the Alzheimer's Association Walk to End Alzheimer's on Saturday, September 21st, 2013 at Mission Creek Park in San Francisco.

Walk to End Alzheimer's is an all-age, all-ability event, uniting millions to raise funds and awareness in the fight against Alzheimer's disease. The end of Alzheimer's disease starts here.

Join Steve and Theresa Patchin's team "Saving Minds" at http://act.alz.org/goto/SavingMinds, or start a team of your own at alz.org/walk. Team "Saving Minds" is shown in the photo on the right.

Time: Check-In opens at 8 a.m., and the walk will begin at 9:30 a.m.
Location: Mission Creek Park, San Francisco (290 Channel Street, San Francisco, 94158)
Entry Fee: Registration is free and open to the public
Type of Event: 3-Mile Walk
