

Chabot College Student Accreditation Survey: Fall 2013

Highlights

Changes in Student Satisfaction with Chabot

Overall student satisfaction with Chabot rose slightly between 2011 and 2013, from 78 percent to 81 percent, according to the Fall 2013 Student Accreditation Survey. This is the highest level since Fall 2001, when satisfaction with Chabot reached 85 percent right after 9/11/01. Satisfaction with instructors also rose slightly to 84 percent.

In 2013, students were significantly more satisfied than in 2011 with other college staff, their preparation for employment, computer labs around campus, and lab equipment availability and condition. However, there was a large drop in satisfaction with the condition of the science labs in Bldg 2100; a smaller drop for tech labs and the cafeteria.

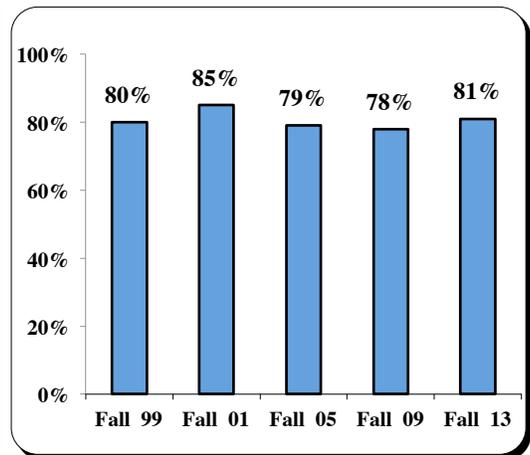

The Student Accreditation Survey was conducted in October 2013 in a representative sample of 77 on-campus course sections. Surveys were completed by 1,720 students (57% full-time; 43% part-time).

Largest Changes in Overall Satisfaction

	Percentage of all students Satisfied or very satisfied		Percent change
	Fall 2011	Fall 2013	
Overall experience with:			
Chabot College	78%	81%	+3%
Instructors	81%	84%	+3%
Other college staff	59%	65%	+6%
