

# Chabot College

## Transfer trends to CSU and UC Compared to Statewide Trends: 1998-2011

Although Chabot students transfer to many four-year colleges, the majority transfer to CSU and UC. Below are the numbers of students who have transferred annually to UC and CSU from Chabot College and from all California Community Colleges (CCC's) since 1998.

In 2010-11, Chabot experienced an increase in transfers to CSU from 379 to 492, rebounding from cuts in transfer acceptances at CSU that led to a decrease in transfers from all California Community Colleges (CCC's). In addition, Chabot increased the number of transfers to UC from 139 to 148. Transfers from all CCC's to UC continue to rise.

Chabot and Las Positas College transfers were reported together until 1994-95, and averaged 900 annual transfers to CSU and 133 transfers to UC during the late 1980's and early 1990s. In the first year of separate Chabot transfers, a high of 1,058 students transferred to CSU and a high of 161 students transferred to UC, rushing to transfer before the District changed from a quarter system to a semester system in Fall 1994 (not shown). Since 1998, Chabot transfers have averaged about 600 annually to CSU and 132 annually to UC. The most recent high number of transfers to UC has been 153 in 2005-06.
