

Chabot College Survey of Spring 2021 Transfer Students

The Spring 2021 Transfer/Graduation Survey was completed by 484 students. This handout summarizes the results for the 288 students who transferred--of whom 261 transferred and received a degree and/or certificate along the way (referred to as *Transfer & Degree/Cert* below) and 27 transferred without getting a degree or certificate (referred to as *Transfer Only* below). These 288 respondents who transferred made up roughly 25% of Chabot's annual transfer students (n=1,092 in 2019-20). About 68% of transfer-only and transfer & degree/cert students completed their programs within three and a half years. While at Chabot, the majority of students attended every term (57% for transfer-only students vs. 72% for transfer & degree/cert students). Although over 80% of transfer students plan to attend their 4-year institutions full-time, a lot of them also plan to work in Fall 2021.
