

FALL 2018

Build Upon Your Research Skills

with themes related to **2PAC**
Library Skills 2 credits crn: 22707
 Tuesday & Thursday 12-1:50 Sept-18 to Dec-11

My philosophy to win is calling me to spit this shit:

blue scholars

Enroll in my 2Pac themed library research skills course because of your affinity for hip-hop, and 2Pac, we will work to translate your love of hip-hop, 2Pac and your cultural expertise and apply your knowledge in an academic environment.

In our 2Pac themed course I draw upon students' experiences with hip-hop culture to encourage them to voice and then research what they already know, bringing their lived experience to their academic work. Students' learn to apply their knowledge and experience while enhancing their research skills using their popular language, music, and culture.

Fallen Star:
 Dedicated to
 Huey P. Newton

They could
 never understand
 what u set out 2 do
 instead they chose 2
 ridicule u
 when u got weak
 they loved the sight
 of your dimming
 and flickering starlight

How could they understand
 what was so intricate
 2 be loved by so many,
 so intimate
 they wanted 2 c your
 lifeless corpse
 this way u could not
 alter the course
 of ignorance that they
 have set
 2 make my people forget

what they have done
 for much 2 long 2 just
 forget and carry on
 I had loved u forever
 because of who u r
 and now I mourn our
 fallen star.
