Welcome. Dear Chabot Community Member,

Welcome to Fall 2022 Program and Area Review! This is an "Update Year" in which we will ask you to **briefly** reflect on aspects of your own PAR submission and the overarching campus trends from the Fall 2021 Comprehensive PAR year. After your dean/manager has approved your PAR draft, please enter your responses here into Qualtrics\* (and for resource requests, enter into Cognito). This will allow the PAR committee to provide analysis of campus-wide trends to the college. (To see the analysis of last year's PAR

\*Please plan to do your data entry in one sitting and remember to hit submit (we do not have control over whether partial responses in Qualtrics get saved)!

Q8.

Context: Last year, the PAR Committee analyzed ~100 PAR responses to the comprehensive Fall 2021 PAR. Based on this analysis, the PAR committee presented policy ideas in shared governance committees and to senior leadership. Additionally, Deans were asked to analyze PARs within their areas to identify "infrastructure or college wide issues needing immediate attention." The most frequently mentioned policy ideas and/or infrastructure issues are listed below.

Question: How important do you believe it is to address the following issues to support Chabot in carrying out our mission? Please drag the response options and order them from most important (1) to least important (7).

| S                            | taffing Issues: Work with the district to further investigate hiring obstacles and collaboratively create policy solutions.  |
|------------------------------|--|
|                              | echnological Systems: Examine Chabot's processes and structure for implementing and orienting employees to system-wide technological nange and consider ways to solicit campus-wide input.   |
|                              | earning Communities: Research how to expand learning communities (e.g., Umoja, Puente, CIN, MESA, FYE, Guided Pathways, etc.) and arning-community-type supports to wider groups of students.  |
|                              | ccess to Counseling: Evaluate what funding, resources, or structural changes would be needed to ensure all students have access to the gh quality counseling services that Chabot provides.  |
| F                            | acilities: Maximize usage of and planning for facilities   |
| F                            | unding: Secure funding for programs and college-wide events  |
| S                            | tudent Registration/Application Process: Improve registration/application process for students   |

|   |
| Q13. Context: To assess how well you are doing with respect to meeting your program's/area's goals, you included expected goal outputs and outcomes in your Fall 2021 PAR.  |
| "Outputs" are direct short-term results like # of students served, workshops held, etc. Longer-term goals might also have expected <i>outcomes</i> . "Outcomes" are longer-term results, like course success rates or degrees earned. Goals are often measured by whether "outputs" or "outcomes" are achieved.   |
| The Office of Research, Planning and Institutional Effectiveness (ORPIE) posts a variety of data for programs/areas to assess goal "outcomes": <a href="mailto:enrollments">enrollments</a> and success rates, <a href="mailto:enrollment management">enrollment management</a> , <a href="mailto:success rates">success rates</a> of online vs hybrid vs face-face-classes, <a href="degree and certificate awards">degree and certificate awards</a> , and <a href="mailto:more.">more.</a> . To request additional data for goal assessment, please fill out a <a href="mailto:research request form">research request form</a> by Friday September 23, 2022. ORPIE will process requests in the order received. ORPIE will let you know whether they have the requested data and/or how your program/area could collect your own.   |
| Question: So far, what is going well and what are some challenges regarding completing your program's/area's goals? You could include reflections on: achievement of outputs or outcomes and/or challenges with producing outputs or outcomes so far.   |
| I have been able to review our International student application forms and eliminate items that are not necessary in order to lessen the burden to appliance as an International student. I have also been able to add additional English language proficiency exams accepted to assist students in meeting our application requirement. We have not had the budget to invest in overseas recruitment partners. Other challenges we face are the economic impact of COVID-19 and subsequent travel restrictions that make study abroad very difficult in the current environment. Health insurance is very expensive and transitioning to a good mandated plan would likely be more expensive for most international students who are already struggling to continue their students at Chabot due to loss of jobs and income of their sponsors, and restrictions on employment. |

| Q14. Student Learning Outcomes (SLOs) and Program Learning Outcomes (PLOs)  |
| This question was not displayed to the respondent.  |
| Q15. Context: Assessment for SLOs and PLOs happens at varying times of year on a five-year cycle. SLO and PLO assessments are submitted in <a href="CurricUNET">CurricUNET</a> /META. Please take a look at the <a href="SLO Assessment Report">SLO Assessment</a> Report to answer the following.  |
| Question: Is the assessment for all SLOs in your program up to date?  |

*Q16.* **Context:** In response to a core inquiry by the visiting accreditation team, the Outcomes and Assessment Committee updated PLO assessment questions to gather more robust evidence of continuous improvement. Programs will see these updated questions when they next log in to <a href="CurricUNET">CurricUNET</a>. Thanks to the

programs who already filled out the updated PLO questions, we were able to create evidence of continuous improvement for our core inquiry report!

#### Do I need to fill out the updated PLO questions in CurricUNET?

- Programs that submitted an incomplete PLO assessment or did not submit an assessment in the past five years DO need to fill out the PLO assessment in <u>CurricUNET</u>.
- o Programs who did not submit a complete PLO assessment are highlighted in pink on this <u>PLO</u> <u>Assessment Completion Report</u>
- Programs who are shown as having completed PLO assessments within the past five years on this <u>PLO Assessment Completion Report</u> do NOT need to fill out PLO assessments at this time. Completed PLO assessments are shown with a green box with a hyperlinked "X." You can wait to complete the updated PLO assessment on the regular five-year cycle.

If you are not sure whether you need to fill out the PLO assessment in CurricUNET, then email Lannibeth Calvillo lcalvillo@chabotcollege.edu or Dean Safiyyah Forbes sforbes@chabotcollege.edu.

Question: Has your program completed a PLO assessment in the last five years?

This question was not displayed to the respondent.

Q17. Context: Chabot strives to continually improve how we serve students and the community (assessment and continuous improvement are also requirements for accreditation). In your SLO assessments in CurricUNET/META, you are asked: "Based on assessment results, what actions might your discipline take to improve student learning?" Similarly, in the prior PLO assessments you were asked to describe "recommended changes/actions," and in the updated PLO assessments you are asked, "What are you planning to start doing, stop doing or change in order to continuously improve your program?" In the comprehensive PAR year (not this update year), you will be asked to report back on how your actions to improve SLOs and PLOs impacted student learning. In this update year, we are simply reminding you that your actions and plans to improve student learning, based on SLO/PLO assessment results, should be underway.

If you want to see how you responded to these SLO/PLO continuous improvement questions:

- Go to the **SLO Completion Report** and the **PLO Completion Report**.
- Look up your program by division, subject, and program name. There will be a hyperlinked "x" in the column for the year in which you submitted your SLO/PLO assessments.
- Click on the "x" and you can look up what you submitted as plans for SLO and PLO continual improvements (i.e., your responses to the questions on actions to improve student learning and continuously improve your program).
- If you have any questions about how to find your prior assessments, please email Lannibeth Calvillo at lcalvillo@chabotcollege.edu.

Question: Please check one of the following boxes to describe how your discipline is doing with regards to plans/actions for improving student learning based on SLO/PLO assessment data.

This question was not displayed to the respondent.

#### Q18. Service Area Outcomes (SAOs)

Q19. <u>Context:</u> In response to a core inquiry by the visiting accreditation team, programs with service area outcomes were requested to fill out the <u>SAO Assessment Updates Survey</u> in Qualtrics. The majority of programs and areas filled this out and we were able to create an evidence document for our core inquiry report-great work Chabot!

Do I need to fill out the SAO Assessment Updates Survey in Qualtrics?

- Please refer to this SAO 2022 Assessment Update SPREADSHEET
- If your programs'/areas' "Date of Last Assessment," is listed as "NA newly created" or is blank (!), then please fill out the survey in Qualtrics.
- Additionally, if you did not fill out the survey in Qualtrics in 2022, then check in the spreadsheet to see if your "Results of Last Assessment" include clear plans for continuous improvement (i.e., ideas for things that you will do that make your program/area more successful). If not, you should also fill out the survey in Qualtrics.
- If you are not sure whether you need to fill out a survey, then email Lannibeth Calvillo lcalvillo@chabotcollege.edu or Dean Safiyyah Forbes sforbes@chabotcollege.edu

Question: Please check the statement that best describes your program's/area's SAO assessments.

- Our program/area filled out the SAO Assessment Updates Survey in 2022 in Qualtrics.
- Our program/area did NOT fill out the SAO assessment Updates Survey in 2022 in Qualtrics, BUT we have assessed two SAOs in the past five years and our "Results of Last Assessment" include plans for continuous

# Q2

Q23. As Chabot evolves our operating procedures in response to the Covid-19-pandemic: what does your program/area believe is important to keep in mind regarding online vs. hybrid vs. face-to-face instruction, service delivery, and working environments?

International students (non immigrants with a student visa status) are required to enroll full time to maintain their legal status in the U.S.A.. Full time enrollment consists of a minimum of 12 units each semester. These students are restricted to taking no more than one (1) course or up to three (3) units each term as part of their full time enrollment requirement. This rule was temporarily suspended due to the COVID-19 health emergency. International students who were present on March 9, 2020 are allowed to take 100% of their classes online. New international students entering after March 9, 2020 are allowed to take more than the usual number of on line courses, but must be enrolled in at least one (1) face to face class. This temporary suspension of the limit of online courses will last as long as we are in a COVID-19 health emergency as defined by the Student and Exchange Visitor Program (SEVP), which is part of U.S. Immigration and Customs Enforcement (ICE), This policy is set to end after the Spring 2023 semester. When this policy ends, international students will once again be expected to take no more one (1) course or up to three (3) units each term to be considered attending fulltime. A sufficient number of Face to face classes will be needed for students to meet these legal requirements as well as to complete their programs of study

Q24. Thank you for completing the annual update questions for the Fall 2022 PAR!

But WAIT!! You might not be quite done yet...

## **Resource Requests:**

Have you completed all your resource requests? If not, go to the Resource Requests Form to add or update requests for: contracts and services, equipment; facilities; human resources; professional development, travel and conferences; supplies and software; or technology.

### **Categorical Funding Applications:**

Please note that some requests can be funded through categorical funds. If your funding request meets the requirements for Student Access Success and Equity (SASE) or Career Education funding, please follow the links below to fill out their applications.

- The Student Access Success and Equity (SASE) committee "develops, leads, and supports campus initiatives that strengthen student access, success, and equity." SASE "provides a platform for collaboration and communication across the college that will result in the coordination of basic skills, student access, success, and equity efforts campus-wide." If you believe that any of your funding requests meet these requirements, then please fill out their application for funding here:
  - SASE Funding Application

- Please contact the SASE committee with any questions: Administrative Tri-Chair Gabe Chaparro gchaparro@chabotcollege.edu
- Career Education funds are available for projects that: 1) support a program with a CTE TOP code or 2) continue a current project in SWP or 3) are eligible for Perkins Grants or 4) meet other criteria such as core indicators and labor market demand. If you believe that any of your funding requests meet these requirements, then please fill out the CE application for funding here:
  - Career Education Funding Application
    - Please submit one form per project/TOP code, keeping in mind that funding for multiple projects per area is limited.
    - If you are not sure whether you have a program that qualifies for CE funding, please reach out to Christina Read cread@chabotcollege.edu, Administrative Tri-Chair of the Career Education Committee.
