                            • There is exploration of models, definitions, and issues taking place by a few people.  
                            • Pilot projects and efforts may be in progress.  
                            • The college has discussed whether to define student learning outcomes at the level of some courses or programs or degrees; where to begin. |
| **Development**          | • College has established an institutional framework for definition of student learning outcomes (where to start), how to extend, and timeline.  
                            • College has established authentic assessment strategies for assessing student learning outcomes as appropriate to intended course, program, and degree learning outcomes.  
                            • Existing organizational structures (e.g. Senate, Curriculum Committee) are supporting strategies for student learning outcomes definition and assessment.  
                            • Leadership groups (e.g. Academic Senate and administration), have accepted responsibility for student learning outcomes implementation.  
                            • Appropriate resources are being allocated to support student learning outcomes and assessment.

| **Proficiency**          | • Student learning outcomes and authentic assessment are in place for courses, programs and degrees.  
                            • Results of assessment are being used for improvement and further alignment of institution-wide practices.  
                            • There is widespread institutional dialogue about the results.  
                            • Decision-making includes dialogue on the results of assessment and is purposefully directed toward improving student learning.  
                            • Appropriate resources continue to be allocated and fine-tuned.  
                            • Comprehensive assessment reports exist and are completed on a regular basis.  
                            • Course student learning outcomes are aligned with degree student learning outcomes.  
                            • Students demonstrate awareness of goals and purposes of courses and programs in which they are enrolled. |
| **Sustainable Continuous Quality Improvement** | • Student learning outcomes and assessment are ongoing, systematic and used for continuous quality improvement.
