WHEREAS, access to the Chabot College campus from South Hayward via bus is a critical daily need of at least 125 students who live in this historically under-served area, especially low-income students that cannot afford their own vehicles to attend our college campus,

WHEREAS, in July 2018 the AC Transit Board of Directors eliminated Route 22 that served the low-income community of South Hayward to have direct bus access to the Chabot College campus and business on Hesperian Blvd. causing a significant impact on the ability of students to access the college and shopping area without undue transfers and extra time needed to navigate the indirect routes from this under-served community,

WHEREAS, the City of Hayward, Hayward Chamber of Commerce and AC Transit partnered in eliminating Route 22, and using the funding to create a new route to the Industrial Blvd. business district,

WHEREAS, numerous efforts have been made to advocate for AC Transit to restore Route 22 for this low-income community who cannot efficiently access their local community college to gain valuable workforce skills, earn educational certificates and degrees, and receive valuable support services, and as a result will not have the opportunity to increase their income and socio-economic status, as their more privileged counterparts in higher income neighborhoods have,

BE IT RESOLVED, that the Student Senate of Chabot College is dedicated to supporting the South Hayward community including the opportunity for efficient access to their community college through use of public bus transportation,

BE IT RESOLVED, that the Student Senate of Chabot College feels that education is a right for all members of the community, regardless of zip code or income status and public funds should be utilized to support public bus transportation needs in their community, not just the multi-billion corporations that could afford funding transportation for their own workforce,

BE IT RESOLVED, that the Student Senate of Chabot College strongly recommends that the Chabot-Las Positas Community College District Board of Trustees advocate with AC Transit to either restore Route 22 or extend Route 60 to make a full loop through South Hayward rather than inefficiently follow the same route it takes from North Hayward BART back to the same location, serving the same North Hayward community twice while excluding the more under-served South Hayward neighborhoods, and

BE IT RESOLVED, that the Chabot-Las Positas Community College District Board of Trustees assist with contacting Alameda County Supervisors, State Assembly Members and State Senators to request their support in addressing this issue with the elected AC Transit Board in restoring community college access to the South Hayward communities via public bus transportation.
