**Summer Algebra Review**
Algebra can be tough, so it’s often helpful to get some reinforcement on past lessons before moving on to the next level. Take this four-session review and you will feel more clear and confident as you approach the next level of steps in the fall. You will review working with integers, absolute value, solving equations, combining like terms, order of operations, linear graphs, and many more concepts. You will be free to ask any questions about concepts you would like explained or reviewed. Questions you ask may help others in the class as well. This class is based on 7th and 8th grade California state standards.
*M-Th, July 31-August 3  9-10:30 a.m.  $65   Marisol Landeros, math instructor, Hayward USD*

**Essay Writing Techniques for Success**
Writing is the single most important skill you can have in school, in your career, and in life. In this four-session workshop you will develop and enhance your writing ability and become more confident about expressing your ideas. The class will cover all of the basic techniques for essay writing: selecting and developing a topic, creating an outline, writing a draft, and reviewing sentence and paragraph structure. We will also cover critical thinking skills. Each day you’ll have the opportunity to practice the skills you learn. Lots of handouts. Ages 13+.
*M-Th, July 31-August 3   10:30 a.m.-12:30 p.m.   $75 Hilary Roberts, Ph.D. in English, UC Berkeley*

**Personal Narrative Writing for the College Application**
Here’s an opportunity for college-bound high school juniors and seniors to learn how to write a unique, dynamic personal narrative to prepare for your college application essay. At the same time, you’ll learn techniques that will benefit all the writing you do—from school assignments to the upcoming SAT essay. You’ll have the chance to practice writing portions of a personal essay and view samples of others. At the end of the workshop, you should have a great start to a personal statement that will lead admissions officers to welcome you to their college! Hand-outs included. Ages 16+
