Do you want to...

Make a difference and work with kids with special needs?

Develop a great long-term career in the fast-growing behavior health industry?

Are you pursuing a undergraduate/graduate degree in ABA, psychology, education or therapy/service fields and need clinical experience?

Good employers and good employees are hard to find -- we want to hear from YOU!

We are hiring both entry-level and experienced ABA therapists/tutors. You are the most important member of our clinical team, working directly with each client (ages 18 months to 12 years) to build positive behavioral skills and decrease challenging behaviors, and help families achieve independence from services and their best quality of life!

We serve children who are diagnosed with Autism Spectrum Disorder across Alameda & West Contra Costa Counties. Our main office is located in Hayward.

Entry-level candidates make $15+ an hour, depending on education, prior experience, and performance in our new hire training program and demonstrated skills

Our most successful clinicians share these characteristics:

• Natural customer service orientation and pride in work
• Energetic, playful and outgoing with kids of all ages
• Confident and professional with teaching parents/caregivers
• Organized, accurate, punctual, reliable
• Bilingual skills highly valued (especially Spanish)

Job Requirements:
- Jr. & Sr. in an accredited college is acceptable; Preferred: Bachelor’s degree
- Car, license and car insurance needed to drive to client homes
- Availability to work weekdays specifically from 2:00 pm to 7:00 pm, additional hours may be available depending on the client/your availability.
- Availability to work occasional weekends, as needed
- Must submit to Department of Justice fingerprint/background check clearance
- TB test clearance
- Fit For Duty clearance
- Flexibility to accept schedule changes

Compensation & Benefits for qualifying candidates:
- Competitive hourly pay
- Medical Benefits
- 401K

WORKING CONDITIONS
- You may drive between 1-3 client sessions per day
- Majority of the work is performed in the client home, parent or guardian must be in attendance at all times

PHYSICAL DEMANDS.
Ability to:
- Effectively use technology to access company systems
- Run, walk, stand, bend, lift 15 to 20 pounds for short periods of time and push and pull 15 to 20 lbs to conduct a therapy session and to ensure your client's safety at all times.

If you feel that you would be a great asset to our team please apply on our website: [http://www.sspbi.com/careers.html](http://www.sspbi.com/careers.html)
