DIRECT SUPPORT PROFESSIONALS (ON-CALL)

Anka has multiple openings for ON-CALL DIRECT SUPPORT PROFESSIONALS (DSPs) at our programs serving individuals with intellectual disabilities located throughout the East Bay (Concord, Dublin, Hayward, & Livermore).

ABOUT ANKA
Work for an organization where every day is an opportunity to change lives! Anka Behavioral Health, Inc. (Anka) is a non-profit organization with the mission to eliminate the impact of behavioral health problems for all people. For over 40 years, we have provided caring, dependable, and professional community behavioral health and social service programs that serve nearly 16,000 individuals throughout California and Michigan each year. Please visit our website at www.ankabhi.org for more information.

ABOUT OUR PROGRAMS
Anka provides an array of specialized residential and day programs designed to meet the needs of children and adults with intellectual disabilities. We specialize in serving those who are also experiencing complex behavior problems, co-occurring psychiatric disabilities and/or substance abuse challenges, and individuals who have become involved in the criminal justice system. Our service philosophy is based upon the principles of normalization, inclusion, and positive behavioral supports with care, support, and supervision tailored to each person’s individual needs, strengths, and challenges. Individuals served work with a team of specialized staff and consultants to build self-care, social, and vocational skills through a variety of daily home, center, and community activities.

ABOUT THE POSITIONS
We need motivated individuals who want to help clients with intellectual disabilities and behavioral challenges. On-Call DSPs are needed for residential programs in Dublin, Concord, and Hayward and a day program in Livermore. Weekday, weekend, day, swing, and noc shifts are available with the option of becoming part-time or full-time in the future.

DUTIES AND RESPONSIBILITIES
• Provide supervision and support for each client as determined by their individual service plan and behavioral plan.
• Assist clients in basic self-help skills, daily living skills, adaptive living skill areas, and implement training skill programs.
• Maintain daily logs and data reports.
• Act as an appropriate role model for clients by dressing and behaving in a socially appropriate manner.
• Prepare meals and snacks and engage clients in meal preparation tasks to the extent that they choose to participate.
• Supervise and escort clients to medical and dental appointments, community outings, and other activities.

QUALIFICATIONS
Education: High School Diploma or equivalent. Post-secondary education in social work or related field preferred.
Experience: Six months experience providing supervision and services to persons with disabilities preferred but not required.
Other Requirements: Ability to pass pre-employment background check and TB clearance.
