FIELD SERVICE TECHNICIAN (Hayward Branch)
Compensation: Based on Experience and Knowledge

PEARSON DENTAL SUPPLY, INC is an authorized dealer that focuses on providing dentists of high-quality national brands of dental supplies and equipment for over 65 years. The company has nine (9) branches with its main office in Sylmar, California.

Job Description
The Field Service Technician is a regular full time position. The applicant must be close to the Hayward Branch in order to interface with the branch office on a daily basis. Responsibilities include delivery and installation of small and large dental equipment to customers’ location, as well as repair on-site or shop repair. Technicians have service vehicles equipped with parts and tools needed on service calls.

The position will require travel approximately 85% of the time but could increase to 90% over time.

Requirements
- Knowledge on hydraulic components functions
- Solid understanding of electronics and electrical systems
- Quick comprehension of various equipment functions
- Customer service skills
- Ability to lift up to 80 lbs
- Good written and verbal communications skills
