Junior Machinist or Journeyman Machinist/Union Shop

Small manufacturing company in Hayward is looking for a responsible and self-motivated employee to fill the following job description below. At least 2 years exp. in a machine shop is necessary.

**Journeyman Machinist.** Person capable of repairing and maintaining all types of machinery, make lathe setups, milling machine setups, read blueprints and micrometers. Capable of doing setups for Machine Specialist, except for simple setups: supervise the production of Machine Specialist, do setups beyond the skills of a Junior Machinist; do prototype work without supervision and able to make simple trigonometric functions.

**Junior Machinist.** Person who is capable of operating all shop equipment. Also capable of doing their own setups and machining tasks with a minimum of supervision.

You will be required, by Union contract, to own a minimal amount of tools. A list is available.

Applicant must be capable and *willing to learn to set up and operate all types of machinery, including the following machinery:

- Table Saw (must be capable)
- Band saw (must be capable)
- Lathe (must be capable)
- Knee mill (must be capable)
- Surface Grinder (must be capable)
- * Centerless Grinder (will train)
- * Honing machine (will train)

Hours of work: Monday - Friday - 7:00 am to 3:30 pm. Occasional overtime.

Salary: Depending on skills and classification, Junior Machinist pay rate is $21.33 per hour; Journeyman Machinist pay rate is $28.93 per hour.

Benefits include Medical, Dental, Pension, Paid Holidays and Vacation.

Must be responsible and dependable.

Please reply with Cover Letter, and Resume including your skills and work experience with valid references and also list the position you are applying for in the Subject Line of your email message.
