COMMUNITY ED—On Thursday, June 30th, children in the Kids on Campus program hosted the second annual lemonade stand. Kids on Campus, an annual summer camp, is coordinated by Chabot’s Community Education Program.

Taking the lemonade stand to the next level, Chabot instructor, Miguel Colon, invited one of the student campers to speak to his Summer business class about her experiences as a young entrepreneur and setting up the lemonade stand. Ten-year old Melissa Powell was a part of the lemonade stand experience last year and was a peripheral helper this year so she agreed to serve as a guest speaker at Professor Colon’s evening business class called “Introduction to Entrepreneurship”, a suitable class for Melissa to speak at.

Hearing all the details in setting up the lemonade stand business and talking about the creation and development of her business plan, Professor Colon’s students were supportive and enthusiastic, and were even treated to a sampling of lemonade.

Showing appreciation and admiration for these up and coming young entrepreneurs work, Professor Colon contributed a very generous donation to the Kids on Campus students’ favorite charities that included the American Red Cross and the East Bay SPCA as a special thank you for serving as a guest speaker.

These future Chabot College business majors will return in about ten years and will be a part of Chabot’s graduating Class of 2022.

Young entrepreneurs today, and tomorrow’s business leaders—it all started at Chabot's Kids on Campus program!

For more information about next year’s Kids on Campus 2012 summer program, please contact Kim Bononcini in the Office of Community Education at (510) 723-7531.
Take advantage of the Internet to compare fees between your bank and the Chabot Federal Credit Union.

Some banks charge as much as $13 a month to just HAVE the account unless you keep at least $1,000 in the account at all times. CFCU charges ZERO for the privilege of having you as our member, and only your initial deposit of $100 is required.

Some banks charge as much as $35 for a returned check fee and will cover four separate checks per day for a total of $140 PER DAY in FEES. CFCU charges $10 and will attempt to call you as well.

Most banks charge as much as THREE to FIVE PERCENT for VISA foreign transaction fees. CFCU charges only ONE PERCENT.

Some banks have as much as a TWENTY-FIVE PERCENT ceiling on their Home Equity Lines of Credit rate with an annual fee of $90 or more. CFCU has a rate cap of only FIFTEEN PERCENT for our Home Equity Lines of Credit with NO ANNUAL FEE.

Go online at www.chabotfcu.com, or give the Chabot Federal Credit Union a call at (925) 828-1320 for more information and how to become a member. With the main office in Dublin, there are satellite offices at each campus.

LATEST NEWS

The San Francisco Mime Troupe will be celebrating its 51st season with a show on campus on Wednesday evening, September 21st at 7 p.m. at the Reed L. Buffington Visual & Performing Arts Center.

This free show is open to the public, and is an annual college tradition.

NOTE

Convocation will be held Monday, August 15th at the Reed L. Buffington Visual & Performing Arts Center at Chabot College.
Final Walls are Underway for the New P.E. Facility- The metal wall framing and sheathing that encloses the second floor are complete for the 16,560 square-foot Physical Education Strength and Fitness Center. The metal wall panels and storefront window systems will follow. Site work is well underway and much of the exterior concrete paving is complete. The project is scheduled to be complete in July 2011 but is running behind schedule.

Buildings 1400/1600 Industrial Technology is Under Construction- Construction continues steadily on the renovation to Building 1400, the Industrial Technology Building. The project consists of renovations to the machine shop area, the tool room, welding area and labs. Two classrooms in Building 1600 are part of the plan and now house the CNC (Computer Numeric Controls) Lab. These two classrooms were completed in time for summer classes on June 27. The final phase, Welding Lab, is now underway. This project is scheduled to be complete in August 2011, but is running slightly behind schedule.

Building 300 Classroom Renovation- Construction is proceeding rapidly on the renovation of Classroom Building 300. The renovation consists of improvements to classrooms, computer labs, the Chabot College IT offices, and Media Services. The seismic retrofit work is now complete. Interior work is now underway. The project is scheduled to be complete in January 2012.

New Traffic Signal- The shop drawings have been approved by the design engineer and the City of Hayward. The new signal and mast arm have been ordered. The new signal, located on Hesperian Boulevard between Depot Road and Turner Court, will provide for a safe and controlled exit from Chabot College’s new Campus Drive. Actual excavation and site work will begin this summer and should be complete before the first day of Fall Semester 2011. The actual signal and mast arm are long lead-time items and should be installed in Fall.

Two Additional Projects are Nearing Bidding- Chabot has two projects nearing the bidding phase: Building 1700/Building 1800, Science and Math building renovations, Building 1200, and the SOTA plaza renovations. We expect to bring the Building 1200 project to the Board in August, and the Building 1800 project in September. Building 1700 will be bid in May 2012.

Photos include Buildings 300, 1400, 1600, and the P.E. Complex, and were taken by Glenn Comp, and the report was written by Doug Horner.
HEALTH CENTER STATS

During Summer Semester 2011, the Chabot College Student Health Center was in operation and with limited hours. Below is some statistical data about the number of student patients that were seen during June 2011.

STATISTICS
Total days of operation: 12 days.
Total patients seen: 251 patients.
Number of patients seen by Nurse Practitioner: 172 patients.
Number of walk-in patients: 68 patients.
Average student per day: 21 students.

EVENTS
▪ General Outreach for new incoming Summer Semester 2011 students.

ACTIVITIES
▪ Immunization screening for Chabot College Nursing Program.
▪ TB Screening for CLPCCD District staff and new hire student assistants.
▪ Continue collaboration with Chabot College offices: Counseling, Campus Safety, and the Office of Student Services regarding the Crisis Intervention Response Team Committee.

CAMPUS COMMITTEES
▪ Health and Safety Co-Chair.
▪ Member, District Emergency Respond Team/Pandemic Awareness.

CHABOT CHILDREN’S CENTER GRADUATES

On June 12th, four Early Childhood Specialists from the Chabot Children’s Center received their Master’s Degree in Teacher Education with an emphasis in Early Childhood Development. They are all now alumni of California State University, East Bay. The graduates, all classified professionals are: Jodi Mascaro, Michelle St. Germaine, Margaret Costello-Chevis, and Kathy Bolich, all shown in the photo above. Our staff are not required to have Masters Degrees, but have taken it upon themselves to be not only competent professionals, but academically astute as well. We are very proud of them and their commitments to their chosen field of expertise. Congratulations to our staff!

On June 30th, 2011, Preschools 4 and 5 “graduated” to Kindergarten. These children will transition with a Chabot College Early Childhood Education foundation that has encouraged them to problem-solve, be creative, and exercise open-ended thinking. We are just as proud of our “future college graduates”.
