Submitted	Bob Buell	1684	41	Mobile Charging Cart - 32 laptop capacity	1
Submitted	Bob Buell	1685	42	Macbook Air Laptops with wireless access and MS Office	50

Unit Price	Total Amt	Justification	Year Needed
55000	55000	Utilization of web based instructional materials, student access to online certification testing, and reference materials. Applicable for all ATEC / BMW classes	2018-2019
2500	2500	MacBook Pro laptop computer to be used for real time video editing deomstrations by Faculty.	2018-2019
100	6000	Software such as Matlab and Inventor can no longer be downloaded on computer labs installed due to limit in number of seats, scheduling of courses. Rooms 1804 and 1813 need to be upgraded to 64 bit computers or software will be unable to operate	2018-2019
4000	4000	One PC is currently used to control printed circuit board mill, laser engraver, and two 3D printers. As utilization of these tools increases with the new INDT courses and sharing with ESYS and ENGR programs, an additional PC is needed to support simultaneous use of these tools.	2018-2019
400	800	For use in to filling out online tutoring reports and for quick research questions/ Canvas access.	2018-2019
2000	4000	Budget TBD with ITS input. Needed to support OIE staff.	2018-2019
3000	3000	New IR Coordinator should probably have a PC to match other administrators, unless they want the current Mac. It is fast but has issues of interface with the PCs.	2018-2019
1200	96000	Computers in 1611 & 1615 are very old.	2018-2019
3500	3500	Functional and reliable smart classroom console in 3521. 3521 is utilized Monday through Thursday and T/Th evenings throughout the semester, including some Saturdays.	2018-2019
1500	1500	Computer essential for Study Groups and to provide student access to computer simulation brain models.	2018-2019
2500	10000	For the much needed additional audio editing lab work stations.	2018-2019

1000	2000	Needed to replace two stoles iPads from spring of 2017.	2018-2019
300	300	New IR Coordinator administrator should have a new printer to match new PC. Old one could go in 2nd programmer's office, which has none.	2018-2019
1100	3300	The WL department has three new part-time faculty teaching hybrid/online courses who need to design original instructional content for their DE courses.	2018-2019
600	600	To improve efficiency and effectiveness in serving the ever growing body of DSPS students, in the area of document management, state reporting, and interpreter/captioner service management	2018-2019
7000	7000	Pricing TBD, may not be accurate- requires estimates from ITS/KI. This workstation is needed for AV staff to complete processing, AV material research, and online training in a quiet space to stay abreast of rapidly changing technology and modules offered within the library system. This training cannot be done when staff are continually staffing a public station. Also, the increased demand for AV device check-out cannot be adequately served at the public staff station which has only 2 spaces.	2018-2019
2500	5000	Needed to operate the remote DJ equipment.	2018-2019
1200	2400	Not all reporting is able to be done in the office, and the ability for Learning Disability Specialists to write testing reports outside of the office would be very beneficial and increase productivity	2018-2019
1200	6000	Needed to run and time swimming and track and field meets at the college	2018-2019
1300	26000		2018-2019
10000	30000	For professional video editing in room 122 Lab needed for new Animation/Film courses and MCOM lab. Also lets us expand our capabilities in animation and allows us to partner with Pixar and other companies.	2018-2019
170	510	The WL department has three new part-time faculty teaching hybrid/online courses who need to design original instructional content for their DE courses.	2018-2019

300	7200	With the computer labs in high demand and the difficulty we have in reserving the labs, the rolling laptops would allow us access to the technology we need so that we are able to work with students in the classroom.	2018-2019
300	900	Needed for instruction of film analysis in Kinesiology 15 & Kinesiology 16	2018-2019
10000	30000	For professional video editing needed for new Animation/Film courses & MCOM Lab. Also, lets us expand our capabilities in animation and allows us to partner with Pixar and other companies.	2018-2019
475	950	Needed to instantly show students skills and strategies being taught in class	2018-2019
4999	99980	These computers are high end computers intended for 360 video editing and animation.	2019-2020
400	400	To educate patient regarding disease processes and management of illness and for health promotion. Color prints helps to visualize the parts of the body affected by the disease.	2018-2019
300	1800	upgrade office computer monitors for better workload efficiency	2018-2019
1000	6000	Upgrade computers for faster speed and better efficiency	2018-2019
500	500	To support computer lab room 906	2018-2019
500	500	Needed for students to print reference material for painting.	2018-2019
500	500	Obsolete - 20 years old printer	2018-2019
900	1800	Use for instruction in 1008 and 1006	2018-2019
2699.99	2699.99	A new printer needed to print the test pages for the Spectator.	2018-2019
2199.99	2199.99	This is necessary for the general printing needs of the MCOM student lab and Spectator staff.	2018-2019
5000	5000	for mobile computer lab	2019-2020
9000	9000	for mobile computer lab	2019-2020
2200	110000	mobile computer lab at training center	2019-2020
