**Help**  
 This page contains basic information

Step 1: Click on Student Learning Outcomes (SLOs) button

Step 2: In the Outcome Text box, type in your Student Learning Outcome

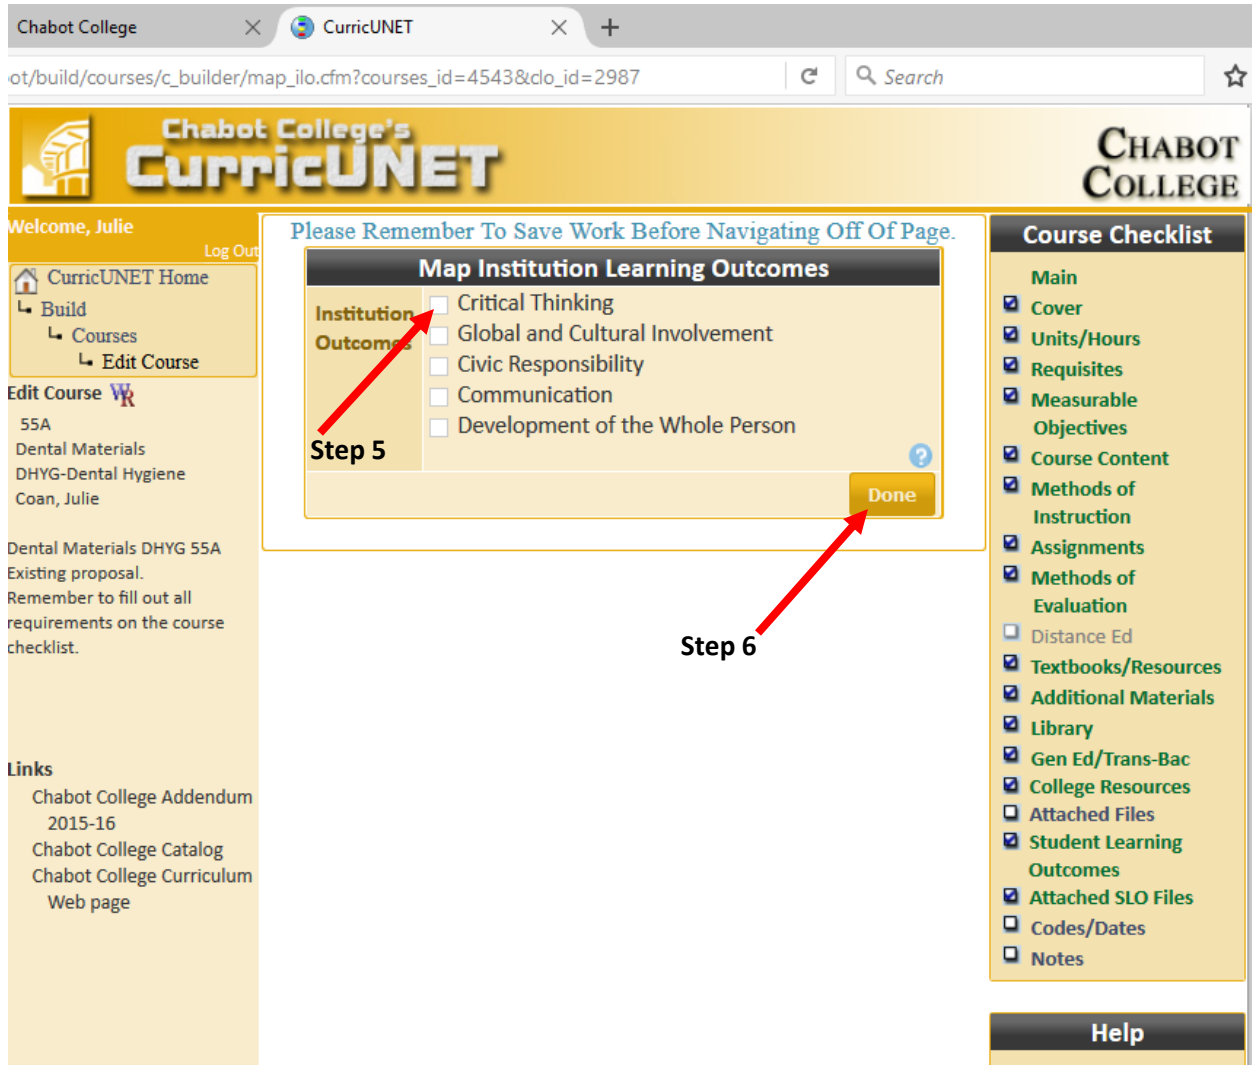

Note: The program automatically includes the statement: *“Upon completion of the course the student should be able to”*

Step 3: After you have completed entering your desired outcome, click on the Add box

The screenshot shows the 'Student Learning Outcomes' page in CurricUNET. The page title is 'Student Learning Outcomes' and it indicates it was last saved on Saturday, Jul 9, 2016 at 10:50 PM by Julie Coan. The course is identified as 55A, Dental Materials, DHYG-Dental Hygiene, Coan, Julie. The page contains a text editor for 'Outcome Text', a list of SLOs, and a list of ILOs. A red arrow labeled 'Step 4' points to the ILO icon for the first SLO. The ILOs are: 1. Identify and discuss properties of restorative materials, their use, and contraindications of use. 2. Discuss properties of impression materials, their indications for use, and process of preparation for use. 3. Discuss decision making process related to placement of Interim Therapeutic Restorations (ITRs).

Step 4: Mapping of you SLO to an Institutional Learning Outcome (ILO) can be done by clicking on the ILO icon to the left of each SLO

- You may enter as many outcomes as you would like to assess your course. However, the program requires outcomes to be entered according to number of units per course.
  - 1 – 1.5 units requires a minimum of 1 SLO
  - 2 – 2.5 units requires a minimum of 2 SLOs
  - 3 or more units requires a minimum of 3 SLOs
- You may modify a SLO by clicking on the pencil icon, or delete a SLO by clicking on the scissors icon located to the left of each SLO

Step 5: Map the Student Learning Outcome to the desired Institutional Learning Outcome(s) by clicking on the ILO which best matches the selected SLO

- You may select as many Institutional Learning Outcomes as you feel are met by the Student Learning Outcome

Step 6: When you have finished selecting ILOs, click the “Done” button

- Clicking on the “Done” button will bring you to the final screen (next page)

The screenshot shows the 'Student Learning Outcomes' page in CurricUNET. The page title is 'Student Learning Outcomes' and it indicates it was last saved on Saturday, Jul 9, 2016 at 10:50 PM by Julie Coan. The main content area is titled 'Outcome Text' and contains a large text box. Below the text box are 'Add', 'Finish', and 'Cancel' buttons. A red arrow points to the 'Finish' button, with the text 'Step 7' next to it. Below the buttons, there is a section titled 'Upon completion of the course the student should be able to:' followed by three numbered SLOs:

1. Identify and discuss properties of restorative materials, their use, and contraindications of use.
2. Discuss properties of impression materials, their indications for use, and process of preparation for use.
3. Discuss decision making process related to placement of Interim Therapeutic Restorations (ITRs)

The right sidebar contains a list of options with checkboxes, including 'Cover', 'Units/Hours', 'Requisites', 'Measurable Objectives', 'Course Content', 'Methods of Instruction', 'Assignments', 'Methods of Evaluation', 'Distance Ed', 'Textbooks/Resources', 'Additional Materials', 'Library', 'Gen Ed/Trans-Bac', 'College Resources', 'Attached Files', 'Student Learning Outcomes', 'Attached SLO Files', 'Codes/Dates', and 'Notes'. A 'Legend' section at the bottom right lists 'Spell Check', 'Help', 'Edit', 'Delete', and 'Move Item Up'.

Step 7: Once all SLOs have been entered, click on the “Finish” button to save the SLOs which have been entered

- This step can be done prior to mapping your SLOs to save your work

[Unlock](#)

Upon completion of the course the student should be able to:

1. Identify and discuss properties of restorative materials, their use, and contraindications of use.
2. Discuss properties of impression materials, their indications for use, and process of preparation for use.
3. Discuss decision making process related to placement of Interim Therapeutic Restorations (ITRs)

**Step 8**
