# Chabot College Student Characteristics Fall 2013
## Veterans vs. Non-Veterans

In Fall 2013, 382 veterans attended Chabot, making up three percent of the student body. The typical veteran at Chabot was a 30 year-old white, Latino, or African American man, older than most Chabot students. Like all Chabot students, most veterans were continuing students; half with less than 30 units earned. Over 40 percent were full-time; 43 percent attended only during the day. Half intended to transfer to a four-year college, and 15 percent of vets were here for an occupational certificate or training.

Veterans earned three percent of degrees, which reflected their representation on campus. However, they earned six percent of certificates in 2012-13, which is double their representation on campus.
