**Course Success and Withdrawal Rates**  
**Students with and without World Language Lab tutoring in same course\***  
**Fall 2009 through Spring 2011**  
**Selected high-enrollment courses across the curriculum**

Students who used the World Languages Center tutoring services in the last few years have had higher success rates and lower withdrawal rates than students in the same course who did not use these services. The table below shows higher success rates for many of the major high-enrollment foreign language courses. The World Language Center includes the following languages that provide direct tutoring to students: Chinese, French, Italian, Japanese, and Spanish. Students could have received tutoring in any of the languages, and they were compared to students in the same section who had not received any tutoring. Higher success rates mean that more students can go on to the next course rather than repeating the course and preventing others from taking it. This increases the number of students that Chabot can serve as well as the number of students who can succeed, persist, graduate, and transfer.
