**Definitions:**

The number and percentage of Chabot College students in each criteria were estimated using the Fall 2013 Student Accreditation Survey and the student headcount for Fall 2013 (Final).

For student outcomes, low income was based on receiving a Board of Governor's Fee Waiver. First Generation and Disabled students were identified via the TRIO definitions of neither parent with a bachelor's degree or higher and any self-identified disability by the student.

NOTE: These percentages are out of all Chabot Students in Fall 2013 (13,512)
