PAR Fall 2022

Review of PAR Process:

- The Program and Area Review (PAR) Process at Chabot is a **three-year** comprehensive and annual review and planning process.
- Programs & Areas (e.g., academic, service and administrative) review the effectiveness of their areas based on data.
- Based on this analysis, programs and areas plan (and request resources) for the upcoming PAR cycle.
- The three-year review and planning process comprises:
 - **YEAR 1: Comprehensive Review and Planning Year** (e.g., Fall 2021 PARs are submitted to plan for 22-23, 23-24 & 24-25)
 - **YEAR 2: Annual Update** (e.g., Fall 2022 PARs are submitted to update plans for 23-24 & 24-25)
 - **YEAR 3: Annual Update** (e.g., Fall 2023 PARs are submitted to update plans for 2024-25)
- *Note: The SLO/PLO review process is on a **five-year** calendar. Discussions with OAC, PRAC and PAR chairs and the Director or RPIE are under way to consider the length of the PAR cycle.
