Welcome. Dear Chabot Community Member,

Welcome to Fall 2023 Program and Area Review! PAR is on a three-year cycle (Fall 2021 is the comprehensive review and planning year; Fall 2022 and Fall 2023 are annual update years). This is the second "Update Year" in which you will need to reflect on aspects of your own PAR submissions and the overarching campus trends from the Fall 2021 Comprehensive PAR and Fall 2022 Update PAR Years. Please collaborate with your dean/manager to receive feedback before entering your PAR responses here (and for resource requests, enter into Cognito).

Thanks,

The Program and Area Review Committee

\*Please remember that Qualtrics is not a collaboration tool and partial responses can get lost. You should only enter your PAR into Qualtrics once you have finished the steps of collaborating with your program/area teammates and/or your Dean/manager and have a final draft.

Is your PAR ready to submit as a final draft?

<b>O</b>	Yes
$\bigcirc$	No

Q7. Campus-Wide Issues
Q38. Reflections on Annual Priority Progress in Academic Year 2022-23
Context: The Planning and Resource Allocation Committee (PRAC) establishes Annual Planning Priorities based on collegewide trends in PAR responses, experiences from grant and categorical fund managers, and issues raised in PRAC. In brief, the planning priorities for 2022-2023 were to:  1) Develop support networks to link students to Pathway Success Team members and services; 2) Expand Chabot's connection to the external community to expand students' access to basic needs support and work-based learning opportunities and careers; and 3) Improve student interfaces (e.g., marketing, website redesign, virtual ways for students to access services).
Question: What progress did you see in any of these annual planning priorities?
Marking and outreach was our main priority last year. We used CTE funding and launched a campaign and contest. Our enrollment numbers this year the MURT program are the best they have been in years.
Q39. <b>Question:</b> If you could advise college decision makers how to make better or more efficient progress on any of these annual planning priorities, what would you say?
Continue to expand the connection of Chabot with the external community along with work-based learning opportunities for CTE disciplines.
Q8. Context: For 2023-24, PRAC put forward seven recommendations for consideration based on their analysis of the Fall 2022 Program and Area Synthesis Statement and the Mission Critical Priorities in the Ed Master Plan, experiences from grant and categorical fund managers, and the 2022-23 President's College Planning Initiatives.

part	keting and outreach, increased enrollments, and meeting the needs and recommendations of our CTE advisory panel. We became an AVID learning ner institution this year and we he have the ability to offer testing and certification to our students. We also saw a 6% increased success rate for our can American/Black and Latin X student populations.

We are in dire need of a full-time hire to replace Eric Schultz who was the full-time faculty member in the discipline. Student success rates have dropped in the area without a full-time faculty member.
Q14. Student Learning Outcomes (SLOs) and Program Learning Outcomes (PLOs)
<i>Q41.</i> <b>Context:</b> Assessment for SLOs and PLOs happens at varying times of year on a five-year cycle. SLO and PLO assessments are submitted in CurricUNET/META. Please take a look at the <u>SLO Completion Report</u> * and the <u>PLO Completion Report</u> * to answer the questions below. If you have any questions about how to find your prior assessments, please email the co-chairs of Outcomes and Assessment Committee Julie Coan ( <u>jcoan@chabotcollege.edu</u> ) and Safiyyah Forbes ( <u>sforbes@chabotcollege.edu</u> ), or the curriculum specialist Meray Aghyarian ( <u>maghyarian@Chabotcollege.edu</u> ).
Q15. Question: Is the assessment for all SLOs in your program up to date?
○ Yes
<ul> <li>Almost. We just need to assess SLOs in 1-3 courses. (Please fill in courses due for SLO assessments and the date you plan to complete those.)</li> </ul>
No. We have to assess SLOs in 4 or more courses. (Please fill in courses in need of SLO assessments and the date
you plan to complete those.)  Assessments will happen at the end of this semester.
Q16. Question: Has your program completed a PLO assessment in the last five years?
Yes

Q37. Question: What are some challenges regarding completing your program's/area's goals? Please include reflections on challenges with producing outputs or outcomes so far.

No. Please explain why and include when you will complete the updated PLO assessment.
Q17. Context: Chabot strives to continually improve how we serve students and the community (assessment and continuous improvement are also requirements for accreditation). In your SLO assessments in CurricUNET/META, you are asked: "Based on assessment results, what actions might your discipline take to improve student learning?" Similarly, in the prior PLO assessments you were asked to describe "recommended changes/actions," and in the updated PLO assessments you are asked, "What are you planning to start doing, stop doing or change in order to continuously improve your program?" In the comprehensive PAR year (not this update year), you will be asked to report back on how your actions to improve SLOs and PLOs impacted student learning. In this update year, we are simply reminding you that your actions and plans to improve student learning, based on SLO/PLO assessment results, should be underway.
If you want to see how you responded to these SLO/PLO continuous improvement questions:  • Go to the <u>SLO Completion Report</u> and the <u>PLO Completion Report</u> .  • Look up your program by division, subject, and program name. There will be a hyperlinked "x" in the column for the year in which you submitted your SLO/PLO assessments.  • Click on the "x" and you can look up what you submitted as plans for SLO and PLO continual improvements (i.e., your responses to the questions on actions to improve student learning and continuously improve your program).
If you have any questions about how to find your prior assessments, please email the curriculum specialist Meray Aghyarian ( <a href="mailto:maghyarian@chabotcollege.edu">maghyarian@chabotcollege.edu</a> ).
<b>Question:</b> Please check one of the following boxes to describe how your discipline is doing with regards to plans/actions for improving student learning based on SLO/PLO assessment data.
Great! We have made significant progress in implementing our plans to improve student learning and our program.
Good. We have started some actions, but we still have work to do.
Not so good. We haven't started yet. Please fill in your plans to address below. (Example fictitious response: "Based on our SLO assessment in Fall 2021, we decided we wanted to build lessons specifically geared towards boosting students' scientific writing skills. But with Covid-19 hitting and having to constantly pivot with online and face-to-face modalities, we just haven't had time to work on the lesson plan. In our discipline meeting this December, we will invite all full-time faculty, part-time faculty and our Dean and we will put together a team to work on the lesson plan.")

*Q19.* **Context:** At least two Service Area Outcomes (SAOs) should be assessed once every five years. Please take a look at the SAO 2022 Assessment Update Spreadsheet to answer the following.

**Ouestion:** Please check the statement that best describes your program's/area's SAO assessments.

This question was not displayed to the respondent.

## **Q20.** From Goals and SLO/PLO/SAO Continuous Improvement Plans to Resource Requests

*Q21.* **Context:** The basis for Chabot's resource allocation process is grounded in reflections on: 1) PAR goals, 2) plans for improving student learning that are grounded in SLO and PLO assessment results, and 3) SAO assessment results. Please consider what augmentations or new resources might be needed to achieve: 1) your PAR goals, 2) plans to improve student learning, and/or 3) reach SAOs.

**Question:** Which of your PAR goals, plans for improving student learning, and/or plans for reaching SAOs will need augmented or new resources?

\*\*Note you will still need to enter resource requests into Cognito after submitting your PAR on Qualtrics.

With this being a technology area keeping up to date with the industry standard equipment, software, hardware is very important. We just updated the computer lab and software but continued funding is required for our AVID partnership fees along with new hardware and equipment that becomes industry standard and is recommended from our advisory panel.

## Q22. Optional: Campus-wide Reflection on Current Issues

This optional section of the update-year PAR contains question(s) on current issues impacting our campus.

*Q40.* **Question:** Though slowly improving, Chabot's enrollment is far from reaching pre-COVID-pandemic levels. This impacts our funding. What are your thoughts on how we should respond? (e.g., ensuring smooth process for students from application to enrollment, mass retention campaign, mass marketing, planning for a smaller college, providing in-person/hybrid/hyflex course instruction and service delivery, other?)

Focus on marketing and retention of students.
rocus on marketing and retention of students.

*Q43.* **Question:** As you know, President Cooks assumed the role of Chabot's 10th College President on August 1, 2023. If your program/area could tell President Cooks one thing he needs to know about your program/area, what would it be?

This area and our division (AM&C) is in dire need of f/t positions. We had three people leave through retirement or resignation and NONE were replaced. We're up to near pre-covid FTES levels and our classes are 133% filled—the highest at the college.

*Q24.* Thank you for completing the annual update questions for the Fall 2023 PAR! **But WAIT!! You might not be quite done yet...** 

**Resource Requests:** Have you completed all your resource requests? If not, go to the <u>Resource Requests</u> Form to add or update requests for: contracts and services, equipment; facilities; human resources; professional development, travel and conferences; supplies and software; or technology.
